C-PILOT®

The Best Hand File

developed by VDW, based on 145 years of experience.

Safely create a glide path

Thanks to its excellent material properties, C-PILOT® enables you to reach the apex, even in canals which are difficult to penetrate.

Access severely curved and calcified root canals

- High bending strength thanks to a special thermal hardening process
- Fine yet stable, suitable for complex anatomies
- Ideal for probing in calcified canals
