

Targeted advise. The matching device for every user.

Developed to work together:

Only the verified fit of VDW instruments and VDW devices guarantees the clinically tested and proven effectiveness of the reciprocating motion.

- ✓ Best clinical experience,
- ✓ proven safety and reliability in endo treatments and thus
- ✓ the highest level of satisfaction for clinician and patient

can only be achieved by using RECIPROC®, RECIPROC® blue and R-PILOT™ files with the original reciprocating motion from VDW devices

- VDW.CONNECT Drive®
- VDW.GOLD®RECIPROC®
- VDW.SILVER®RECIPROC®
- RECIPROC® direct.

Every VDW device allows a reciprocating operation
